		Vines	27

NOTICE

Remember that we grow our own stock under the same climatic conditions and in soil similar to yours. All stock is always carefully dug to preserve all the roots so you know it can grow.

While we guarantee to furnish you only first class, live trees and plants, we cannot assume any responsibility for the life of the stock after it leaves our Nursery, for then the care of it is no longer in our hands. The success of all plants is directly dependent on the weather, rainfall and care given by the purchaser, and these are all conditions over which we have no control.

Non-Warranty: We give no warranty either expressed or implied as to the description, quality or productiveness or any other matter of any Nursery Stock we sell, but we hold ourselves in readiness on proper proof, to replace free of charge any stock that may prove untrue to label or we will refund the purchase price. We are liable at no time for more than the original price paid.

Prices subject to change without notice.

THE CLYDE NURSERY, CLYDE, O.

A PERSONAL MESSAGE

When you look through this price list for our 79th year, you will be pleased, for our prices are reasonable as always, in spite of advancing costs of production and marketing.

We grow this complete list of trees and plants in our own large Nurseries, thus we are not dependent upon others as a source of supply. As a result our stock is dug fresh from our own fields and will please the most particular customers, yet the prices are fair so that you can afford to buy the plants you want and need.

Come to the Nursery and have the pleasure of seeing what you buy at Northern Ohio's most popular drive-in Nursery. If you cannot come, feel sure that your mail order will be filled carefully with our best plants.

A. R. and Royce Pickett

MAIL ORDERS

Whether you come to the Nursery for your order or send it for shipment, you can always be sure of our most courteous and careful attention.

All orders should be accompanied by cash, or we can ship C. O. D. if you prefer. Cash, however, saves you the C. O. D. collection fee.

Orders for small plants can be sent by mail, but such items as Evergreens and Trees are too large for mail shipments and they are sent express or freight.

In figuring postage, you should add 10c to a \$1.00 order, 15c to a \$2.00 order and 25c to orders over \$2.00. Be sure to add the sales tax to your remittance if you live in Ohio.

Farmers and fruit growers are not required to pay sales tax on orders of Fruit Trees or Berry Plants, which are purchased for the purpose of producing fruit for market.

All express and freight shipments are sent with transportation charges collect.

THE CLYDE NURSERY, CLYDE, O.

THE BEST IN FRUIT TREES

When you buy our Fruit Trees, you get sturdy, perfect trees, the very best that money can buy, yet the prices are always reasonable. We propagate by budding on whole root seedlings, which is the best of all methods. Our buds are always carefully selected from bearing trees of outstanding merits, some of them being from the orchards of the Ohio Experiment Station. This is your assurance that our trees are pure and of the best strains.

Well cared for in the Nursery, the trees are thrifty and well rooted. We dig them carefully running the digger very deep so that we get all the feeding and fibrous roots and you know the trees can grow for you.

The laws of nature make trees bear better in groups so plant more than one variety of each fruit so they may cross-pollinate.

Varieties which are preceded by a star thus (*) have been tried and tested until we are certain they will please our customers. Those starred varieties will give you satisfaction, as they are the best that can be had. Buy them with confidence.

**Number of Trees or Plants for an Acre of Ground
Set at Regular Distances Apart**

Feet		Feet	
1 by 1	43560	5 by 5	1742
2 by 1	21780	6 by 6	1210
2 to 2	10890	8 by 8	680
3 by 1	14520	10 by 10	435
3 by 3	4840	16 by 16	170
4 by 1	10890	20 by 20	109
4 by 2	5445	25 by 25	70
4 to 4	2725	30 by 30	48
5 by 1	8712	35 by 35	35
5 by 3	2904	40 by 40	27
5 by 4	2178	50 by 50	18

Rule: Multiply the distance in feet between the rows by the distance the plants are apart in the rows and the product will be the number square feet for each plant or hill; which divided into the number of feet in an acre (43560) will give the number of trees to an acre.

THE CLYDE NURSERY, CLYDE, O.

APPLE

Our trees grow rapidly, bear young, and produce heavily. A careful selection of varieties will give you superior fruit all summer, fall and winter.

STANDARD PEAR

Plant 15 to 20 feet apart

Size	Each	Per 10	Per 100
5 to 7 ft.	\$.90	\$ 8.00	\$60.00
4 to 6 ft.	.80	7.00	55.00

Summer Varieties

- *Bartlett—A popular pear, Aug.-Sept.
- *Gorham—Also from the New York Station—A Bartlett type with tender, buttery and juicy flesh. Sept.
- Wilder—A good early Pear ripening in Aug.

Autumn and Winter Varieties

- *Bosc—Good shipper, vigorous, Nov.-Dec.
- *Duchess—Good for canning, large, Oct.-Nov.
- Flemish Beauty—Juicy and sweet, Nov.
- Kieffer—Fruit is of low quality.
- *Seckel—A small sweet pear of highest quality, Oct.
- Sheldon—Large russet Pear, sweet and very desirable for home use.

DWARF PEAR

Size	Each	Per 10
3 to 4 ft.	\$.85	\$ 7.50

*Bartlett

*Duchess

✻ ✻

CHERRY - SOUR

Few fruits are better than cherries and none can be more easily grown. They bear young and regularly and grow almost anywhere. Our trees are the finest grown.

Size	Each	Per 10	Per 100
4 to 6 ft.	\$.89	\$ 7.00	\$60.00
3 to 4 ft.	.79	6.00	50.00

- *Brassington—Between a sweet and sour in flavor. Red fruit fine for canning.

Ey. Richmond—Earliest sour variety.

- *Montmorency—Mid-season. Ours is the famous Farnsworth strain of large Montmorency.

We recommend varieties starred (*)

THE CLYDE NURSERY, CLYDE, O.

CHERRY - SWEET

Note: The Windsor variety should be included in every Sweet Cherry planting, as it is an excellent pollinizer for other Sweet Cherries.

Size	Each	Per 10	Per 100
5 to 7 ft. Extra select	\$1.25	\$11.00	
5 to 6 ft.	.97	8.50	\$70.00
4 to 5 ft.	.87	7.50	60.00

Listed in order of ripening.

*Gov. Wood—Pinkish yellow, thrifty tree.

Black Tartarian—Large black, juicy and rich.

Black Eagle—Large black, very fine.

*Bing—Dark red, large fine quality.

*Napoleon—Pinkish yellow, well-known Royal Ann.

*Lambert—Dark red, late, one of the best.

*Windsor—Dark red, productive, long season.

Schmidt's Biggareau—Dark red, very large and sweet.

* *

PLUM

Size	Each	Per 10	Per 100
5 to 7 ft.	\$.85	\$ 6.50	\$55.00
4 to 5 ft.	.75	5.50	45.00

Bradshaw—Violet red. One of the earliest.

*Fellenberg—Purple, finest quality.

German Prune—Fruit medium size, blue.

*Imperial Epineuse—Finest, reddish purple, large, rich flavor, fine for canning.

*Italian Prune—Purple, high quality, rich flavor.

Lombard—Reddish, thrifty, hardy, early.

*Reine Claude—Yellow-green, the well known Green Gage.

*Stanley—Trees bear when young. New. Finest of all blue plums.

*Yellow Egg—Good yellow home plum.

We recommend varieties starred (*)

THE CLYDE NURSERY, CLYDE, O.

APRICOT

Ripen right after Cherries and just before the early Peaches. They are juicy and sweet and fine for canning.

Size	Each	Per 10
3 to 4 ft.	\$.75	\$ 6.00

* *

QUINCE

Size	Each	Per 10
4 to 5 ft.	\$.85	\$ 7.50

*Orange—Large, bears early.

* *

CURRENTS

Plant three feet apart in rows four to six feet apart. Every home lot should have a few plants of this fine small fruit.

Size	Each	Per 10	Per 100
2 yr.	\$.29	\$ 2.50	\$15.00

*Perfection—Large, bright red.

*Wilder—Most dependable red.

* *

GOOSEBERRIES

Size	Each	Per 10
2 yr.	\$.29	\$ 2.50

*Downing—Thrifty, medium size, pale green.

*Poorman—Best large red.

STRAWBERRIES

We dig Strawberry Plants each morning so that you are sure of getting fresh, hardy plants. Ours are unusually well rooted and are always carefully dug.

PRICES FOR ALL STRAWBERRIES (Except Everbearing Varieties)	
25 for 30c	500 for \$4.00
100 for \$1.00	1000 for \$7.00

- BEAVER—A large, big red, mid-season berry.
- CATSKILL—The best late ripening sort—a shiny bright red berry that is firm and bears well.
- DORSETT—Thrifty plants that ripen large red berries as early as Premier. Rich red in color and ships well.
- DUNLAP—Large size, firm, very dark red mid-season berry, wonderful for canning.
- FAIRFAX—Large, good color, early and productive.
- PREMIER—The greatest early Strawberry of all time. Yields heavily and makes a thrifty growth.

PRICES FOR EVERBEARING STRAWBERRIES	
25 for 50c	500 for \$6.50
100 for \$1.50	1000 for \$12.00

- GEM EVERBEARING—This is a proven Everbearing variety that will produce berries all summer and through the fall.
- MASTODON EVERBEARING—Large, luscious berries from June until freezing time. Immense and dark red.

ASPARAGUS

This finest of spring vegetables is among the easiest cultivated and most profitable. We offer only the Martha Washington strain for it is rust resistant and far superior to any of the other kinds.

	Per 10	Per 100	Per 1000
Strong Plants	\$.30	\$ 2.00	\$15.00

THE CLYDE NURSERY, CLYDE, O.

RHUBARB

Also called Pie-Plant

Fine for pie-making and stewing.

	Each	Per 10
Strong Plants	\$.25	\$ 2.00

GRAPES

CACO—The sensational new red grape. Bears young, ripens early, sweet and delicious.

2 yr. 29c each	\$2.50 per 10
----------------	---------------

CATAWBA—Large compact bunches. Red. Late.

2 yr. 29c each	\$2.50 per 10
----------------	---------------

CONCORD—The ever popular blue-black market grape.

2 yr. 25c each	\$2.00 per 10	\$12.00 per 100
----------------	---------------	-----------------

DELAWARE—Small, bright red, sugary and delicious.

2 yr. 29c each	\$2.50 per 10
----------------	---------------

FREDONIA—A new, very early black grape, ripening two weeks earlier than Concord. Juicy and delicious.

2 yr. 29c each	\$2.50 per 10
----------------	---------------

MOORE'S EARLY—A large black early grape. Hardy.

2 yr. 29c each	\$2.50 per 10
----------------	---------------

NIAGARA—The leading white market grape. Large bunches.

2 yr. 29c each	\$2.50 per 10
----------------	---------------

PORTLAND—A new white grape, earlier than any known grape. Large. Fine.

2 yr. 29c each	\$2.50 per 10
----------------	---------------

WORDEN—Black. A fine grape. Ripens one week before Concord.

2 yr. 29c each	\$2.50 per 10
----------------	---------------

Grapes are a profitable crop

EVERGREENS

We have a pleasing assortment of varieties from which you may choose. We are always glad to help you with suggestions as to the varieties most suited to your location.

Our Evergreens are sheared often to develop shape-ly tops and are always dug with a ball of earth, which is the only safe way to transplant them.

	Size	Each
Arbor Vitae, American (Pyramidal shape)	2-3 ft.	\$ 2.25
	3-4 ft.	3.25
	4-5 ft.	3.95
	5-6 ft.	4.70

Evergreens grow in beauty each year

THE CLYDE NURSERY, CLYDE, O.

HEDGE PLANTS

Our well rooted, bushy plants quickly make a splendid fence of living green. All varieties make satisfactory hedges if the plants are set in a straight row 1 ft. apart. If a wider and more dense hedge is desired, set the plants in a double row 8 inches apart each way.

	Each	Per 10	Per 100
